It is a multidisciplinary process that includes a structured search of the crime scene, careful observation and documentation of the scene, photography, sketching, identification, processing and gathering of physical evidence, including blood, hair, fibres, biological fluids, fingerprints, footprints and other material evidences, importantly; the application of participants' observational skills and reasoning abilities with legal and logical aptitude.

CSI, one of the flagship initiatives of the Legal Incubation Centre, has been a hallmark of excellence since 2017. The latest edition, CSI 5.0, held on March 23, 2024, featured the theme "Raves & Reptiles". The event witnessed remarkable participation from students of various law schools across India, alongside enthusiastic involvement from individuals pursuing diverse academic disciplines, reflecting its broad appeal and inter-disciplinary relevance.
