LEGAL INCUBATION CENTRE

Presents

CSI -5.0

CRIME SCENE INVESTIGATION
National Level Competition

MARCH 23, 2024

VENUE - ACADEMIC WING

TIME - 10:00 AM

Knowledge Partner: Asia Law Book Publications

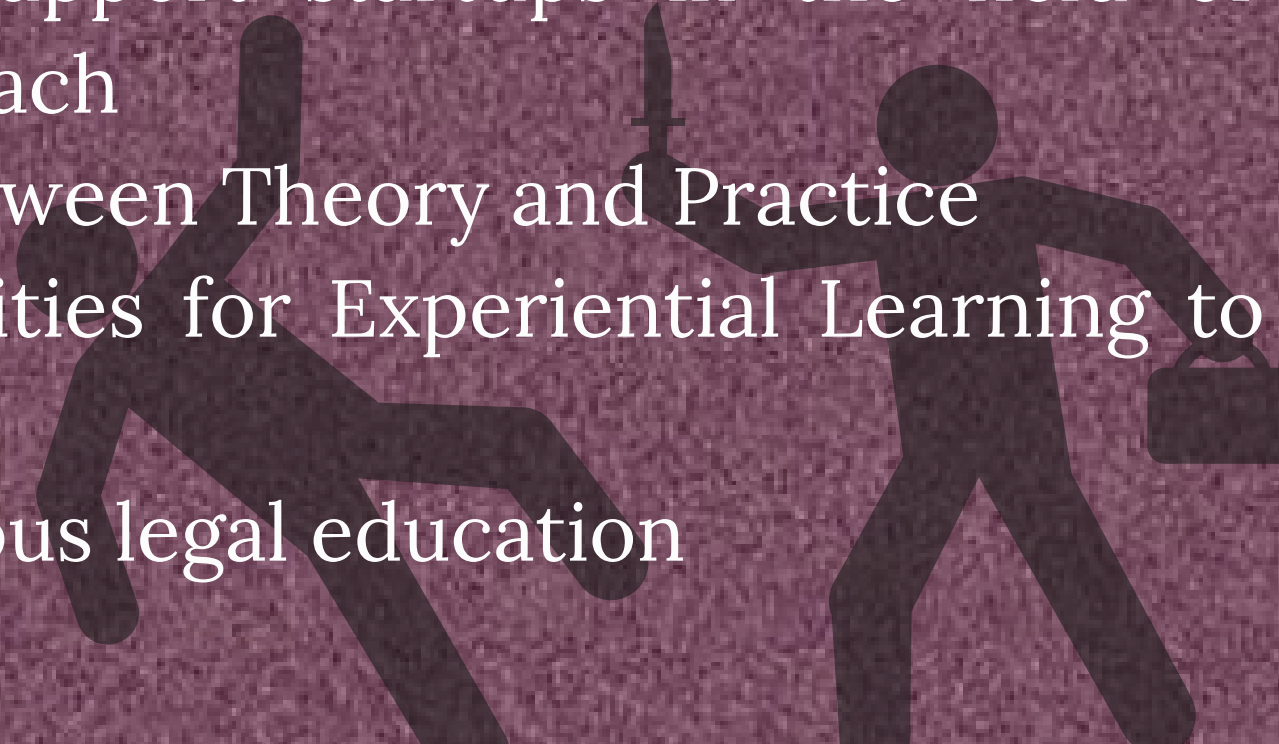

In order to provide high-quality legal education, the Andhra Pradesh Government established Damodaram Sanjivayya National Law University (DSNLU) in Visakhapatnam through the DSNLU Act, 2008. It is recognised vide BCI and Section 2(f) and 12(b) of the UGC. Its primary objectives are to create and provide legal education, as well as to encourage academic success and promote legal research. The university offers five years integrated B.A. LL.B. (Hons.) and one year LL.M. (Constitutional Law, Criminal Law, and Commercial Law). Additionally, it offers Doctoral and Post - Doctoral degrees in legal and inter-disciplinary studies.

In 2018, DSNLU established the Legal Incubation Centre (DSLIC) with the goal of fostering business and advocacy skills in students and young lawyers. It serves as an institutional framework for offering a range of services, in all facets of the professional competencies required by aspiring advocates. Few events conducted by DSLIC include CSI, Vibodha - a Workshop on Legal Entrepreneurship, Workshop on Civil and Criminal Trial Advocacy, Workshop on Forensic Sciences etc . DSLIC's goals are :

- Encourage and support startups in the field of law with an inter-disciplinary approach
- Bridge the gap between Theory and Practice
- Provide opportunities for Experiential Learning to students and young lawyers
- Promote Continuous legal education

The goal of CSI is to gain further insights into the circumstances surrounding a crime by utilising material proof from the crime scene and applying inductive and deductive reasoning to analyse it. It is a multidisciplinary process that includes a structured search of the crime scene, careful observation and documentation of the scene, photography, sketching, identification, processing, and gathering of physical evidence, including blood and hair samples, fibres, biological fluids, fingerprints, footprints, and other material evidences, importantly; the application of participants' observational skills and reasoning abilities with legal and logical aptitude.

CSI is the flagship event of Legal Incubation Centre. It is conducted since 2017. CSI 4.0 was conducted on September 24, 2022 with the theme "Pharma Honey Trap". The competition had about 100 teams, 3 participants in each team. It witnessed participation of students from a wide range of law schools across the country. Significant number of students from other disciplines have also shown keen interest in taking part in the competition.

Crime Scene Investigation {2017- 2024}

CSI First Edition - Blue Whale Challenge

There is nothing more deceptive than an obvious fact - Sherlock Holmes

CSI Fifth Edition

RULES

- All the participants are required to carry their own writing and drawing tools and exam board (one for a team).
- Participants shall be directed to the crime scene once they get acquainted with the plot.
- Each team comprising three participants shall be given maximum of 6 minutes to investigate the crime scene and jot down relevant points. Teams can make rough sketches or graphs for their convenience during this time. Participants can analyze the crime scene and physical evidence through observation. The team shall be required to record the observation in a given sheet by the Organizing Committee and submit the investigation report. The team shall be required to hypothesize the best possible story behind the incident and conclude the guilt of the suspect/s with reasons.
- Mishandling/Disturbing the crime scene property or communication with participants of other teams during the competition shall lead to disqualification. Participants are not allowed to touch or pick anything from the crime scene.
- The report must include:
 1. Crime scene sketch with the labeling of relevant evidence
 2. List of material evidences found
 3. A brief note about the relevancy of each material evidence
 4. Hypothesis of guilt of Suspect/s
 5. Reasons on which hypothesis is based
 6. Conclusive story (In your opinion)
 7. Forensic analysis will play a key role
 8. Other observations and analysis as it seems to be relevant
- Each team shall be given 30 minutes time for report writing after the completion of investigation and observation.
- Each team is permitted to carry only one Mobile phone equipped with camera to the venue of crime scene.
- The Mobile Phone should not contain a SIM Card. Mobile phone can be used only for taking photographs of the crime scene. Videography is strictly prohibited. Any other use of Mobile phone shall lead to immediate disqualification of the team.
- A minimum of 2 and maximum of 5 sketches may be submitted by each team.
- Sketches related to the report shall be considered only if the report mentions the relevance of material submitted.
- Additional guidelines will be intimated on the day of the event.
- Results will be declared after evaluation of the reports by experts.

(Participants shall strictly adhere to the Rules)
